

Exporting assistance is available from the  
Canadian Trade Commissioner Service.  
**Access Prosperity connects you to the people that count.**

- The Canadian Trade Commissioner Service (TCS) helps Canadian companies and organizations succeed globally.
- The TCS has more than 120 years of experience helping Canadian companies succeed in foreign markets by promoting the economic interests of Canada in the global marketplace.
- The TCS works with partner organizations that deliver programs and services to Canadian businesses.

**Access Prosperity can fast-track and facilitate an introduction for your business to the appropriate Trade Commissioner.**

*Funding for this program is provided in part by the* **Government of Alberta** AND

# Trade Commissioner Services

- The Canadian Trade Commissioner Service (TCS) will provide you with on-the-ground intelligence and practical advice on foreign markets to help you make better, more timely and cost-effective decisions in order to achieve your goals abroad.
- The TCS has a presence in 161 cities worldwide.
- With offices across Canada, the TCS can help companies prepare for international markets, right here at home.

**Access Prosperity has a relationship with Trade Commissioners focused on target markets and can open the lines of communication between you and the TCS.**
